

## CIS 350 – Weekly Meeting Minutes Template

Hold a team meeting at least once a week in some format. Copy the template below into a new document, naming it **CIS350-YYYY-MM-DD** (replacing the appropriate date fields). Commit it to “*meetings*” folder of your project on GitHub. There should be a unique document for each meeting held.

**Project name:** Blackjack Game

**Members present:** Shane Campbell, Sam Uptigrove, Aaron Roe

**Date:** 04/12/2025

**Time:** 7:30 pm

### **Discussion points:**

- Showed the example of the connected GUI to Blackjack file and discussed how to get Split function to work
- Looked over the completed Use case Specifications
- Completed the Use Case Diagram
- Showed code for the Updated Blackjack.py file that is able to connect to GUI
- Discussed the completed 100% Unit testing code coverage to the updated Blackjack.py file
- Realized that the Use Case Diagram could use less flow and more direct player to action

### **Goals for next week (include responsibilities):**

- Get the split function to fully work with the GUI
- Update the Use Case Diagram mistakes
- Update/reformat the Google Doc for Release 2
